WATER RESOURCES

Corbin Knowles:

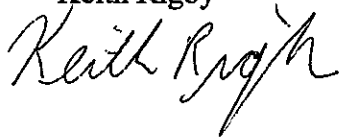

I am writing in response to our conversation on June 3 about putting a flow meter on my irrigation pump. I did not receive a notice from you that I needed to do this as I mentioned in our conversation. I am planning to update this system within the next year.

When I do I will put a flow meter in the system. I hope this is acceptable.

Just for your information, due to the heavy rainfall this spring, I haven't started my pump yet.

Sincerely,

Keith Rigby
